

# STOCKHAM PRIMARY SCHOOL

## THURSDAY NEWSLETTER

Issue No: 570

Thursday 27<sup>th</sup> May 2021

Dear Parents and Carers,

Would you like to make a difference in school? We are looking to appoint 3 new **lunch time supervisors** to start as soon as possible. The job role includes supporting the children with eating lunch, playing games outside and promoting a positive ethos around the school. The job is 7.5 hours per week over the lunch time period. If you feel that you have the right qualities for this exciting role, please follow the link for more information <https://stockham.eschools.co.uk/web/jobs/373434>

### **Term 6 school dinners–**

We are extending our school meal options. In addition to the current hot school meal menu, children may also choose to have a 'picnic bag' made up from the kitchen. The options in the sandwiches will be a choice of: cheese, ham or tuna. Children can order these during morning registration.

### **Covid guidelines and some changes to our school risk assessment**

After half term two year groups will be forming a larger 'bubble' for outside play. Years 1 and 2 will form a new bubble, Years 3 and 4 will be a bubble and years 5 and 6 will be playing in the same space outside. We are eagerly waiting for the 21<sup>st</sup> June guidance, which may give schools more information about the use of face coverings for parents in the playground, assemblies and lunchtimes being together again (if safe to do so).

### **After school clubs term 6:**

A list of after school clubs that will be starting in term 6 will be sent home before the end of term via parent mail.

## Class News

- Year F** We have continued looking at minibeasts in Foundation, bug hunting, watching our tadpoles carefully as they start to develop legs, and thinking about how bees help us. We very much enjoyed writing instructions and making our honey sandwiches!
- Year 1** This week in Year 1 we have been writing our own stories about Cat's Bad Dream, we have also been looking at plurals ending in s and es and also suffix 'ing'. In maths we have been looking at numbers up to 50, we have been working on our counting and number recognition and also building numbers so that we know how many tens and ones they are made up of.
- Year 2** In Year 2 this week we have enjoyed finding out more about the UK and the capital cities of each of its four countries. We have become experts in using the atlas and UK map to locate each city and some of us have even looked for other towns and cities we know of. In English, we are working hard on our newspaper reports and have particularly enjoyed all our role-play work. We have loved playing characters from The Wizard of Oz and the role of newspaper reporter too.
- Year 3** This week in English we have been looking at writing compound sentences and working on improving our vocabulary. In PE we have been practising our bowling and fielding skills in cricket. We have also enjoyed sharing our homework with each other and have earned another class Marble Jar treat. Year 3 have all worked incredibly hard this term and deserve a well-earned break!
- Year 4** Year 4 have had a great final week of term. We have enjoyed finding out the ending for our play Bombs and Blackberries and putting our acting skills to good use! We can now all confidently name the features of a play script and use these in our own scenes. In maths we have been exploring decimal numbers and learning about how tenths and hundredths are linked and how to write these as decimals. We have also been artists and have really enjoyed working on our bas-relief Spitfire sculptures. We really had to use our learning powers for this project but it was really worth it!
- Year 5** Year 5 have had a great week. They have been working on decimals in maths and in English they have finished writing and editing their stories. I have been really proud of the effort they have all put into their projects. They have been amazing.
- Year 6** Year 6 have had a wonderful start to the last week of term. We have been investigating some problem solving tasks, including building the tallest tower out of spaghetti and marshmallows and making a "selfie stick" for the ExoMars Rover. We have also started our play rehearsals this week and it has been fantastic seeing the whole class get so involved and being so enthusiastic about the performance. I'm so proud of every single one of them!
