

STOCKHAM PRIVACY NOTICE

General Data Protection Regulations 2018

We, Stockham, are a data controller for the purposes of the General Data Protection Regulations (GDPR).

Why do we collect and use pupil information?

Under Article 6 of the General Data Protection Regulation (GDPR), we collect and use information because we are legally required to collect some information about pupils and staff and we need to process this information due to our **legal obligation** to provide an education to our pupils. In addition, due to the safeguarding requirements of our school, we also collect information for the reason of **vital interest**: the processing is necessary to protect someone's life. In the case of suppliers, we collect information based on a **contract**.

Under Article 6 and Article 9 of GDPR, where the above lawful basis does not allow us to collect essential personal information, we will use **explicit consent** or because the **processing is necessary to protect the vital interests of the data subject**.

We may receive information about them from their previous school, the Department for Education (DfE) and Oxfordshire County Council. We hold this personal data to:

- support our students' learning
- monitor and report on student progress
- provide appropriate pastoral care
- assess the quality of our services
- keep our students and staff safe
- comply with the law regarding data sharing

The categories of pupil information that we collect, hold and share include:

Personal details (such as name, Unique pupil number and address), national curriculum assessment results, attendance information (such as sessions attended, number of absences and absence reasons), any exclusion information, where they go after they leave us, personal characteristics (such as ethnicity, language, nationality, country of birth and free school meal eligibility), any special educational needs they may have as well as relevant medical information. CCTV may be used for safeguarding purposes.

Collecting pupil information

Whilst the majority of pupil information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

Storing data

We hold pupil data for up to two years after pupils leave us unless we are required by law to hold it for a longer period (SEN information for example). An annual sweep of the school network will be used to ensure that such data is protected and removed from general access where appropriate.

Data is backed up onsite daily. Data held in financial software (excludes pupil data) is held remotely in 'the cloud' with GDPR compliant companies.

Please refer to the school eSafety Policy regarding the creation and use of images/sound and video.

Who do we share pupil information with?

We will not give information about you or your child to anyone without your consent unless the law and our policies allow us to.

Where our school is involved in collaborative delivery with other schools and learning providers, student information may also be shared to aid the preparation of learning plans and the use of data to achieve the objectives identified above or with schools that the student attends after leaving us. We need to share information, on occasion with Virtual Schools, Education Psychologist, transfer schools, Social Services Assessment Team, Children's Services, local authority support services and other health related assessments including disability allowance paperwork. We are required, by law, to share some information about you to the Department for Education (DfE). This information will, in turn, then be made available for the use by the Local Authority. Additionally, the curriculum may require the use of third party web-based learning platforms, only if GDPR compliant.

Why we share pupil information

We are required to share information about our pupils with the (DfE) under regulation 4 and 5 of The Education (Information About Individual Pupils) (England) Regulations 2013.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013).

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
