12th June 2020

Dear Year 3 pupils and parents/ carers,

I hope you and your families are well.

Below are some new activities for you to try at home this week. Please do not feel you have to complete all of them! As usual, I have tried to offer a mixture of tasks, some of which will hopefully suit you and your child. Also, please do not underestimate the amount of learning that happens when children are playing.

**This week we would have been enjoying our trip to Path Hill if we had still been at school! We would have been taking part in lots of Forest School type activities in the woods, and sleeping with our friends in bell tents like these.**

## DT

The tents are clean and functional, but pretty basic. Can you design a cooler tent? Perhaps you would include a games room in your tent? A disco room? A shower? A film screen projected onto the roof? A secret underground passageway to your friend's tent?

Draw and label a detailed picture of your ideal tent – be as imaginative as you can! Have a look at this video for more inspiration <https://www.youtube.com/watch?v=YTpW2yiD-v4>

If you're feeling ambitious, you could even make a 3D model of your tent using junk modelling!

## English

Log on to <https://www.pobble365.com/> Have a close look at the picture provided (or pick another day if you don't fancy that one!) Scroll down to read the Story Starter, then answer the questions and complete the challenges.

Keep practising the Year 3 & 4 spellings. <https://www.twinkl.co.uk/resource/t2-e-4298-year-3-and-4-common-exception-words-word-mat>

Please continue to read at home as often as you can, and continue writing your diary of your time at home.

## **Maths**

White Rose Maths has online lessons for each day, covering what we would have been doing in school. There is a video that the children can watch explaining the concepts and then questions they can answer.

<https://whiterosemaths.com/homelearning/year-3/>

Links to this week's work sheets and answers are available on the website **(NB: these are listed as week 8)**.

All the remaining activities on Mathletics have now been opened up <https://login.mathletics.com/>

Please continue to use the Times Tables Rockstars site as well. <https://trockstars.com/>

## **Term 6 Science from Miss Lovegrove - Plants**

BBC bitesize website - <https://www.bbc.co.uk/bitesize/topics/zy66fg8> - this website has 6 different guides all about plants. There is an activity and quiz to complete after you watch each one.

Oak National Academy website <https://www.thenational.academy/online-classroom/year-3/foundation&subjects> – 5 online lessons all about plants.

On the website there are also links to resources to carry out an investigation you might want to try at home. There is a powerpoint explaining the experiment and then an investigation planner and results sheet (3 versions of differing complexity, please select the one most suitable to your child) There is also a powerpoint explaining what the results show and a sheet asking children to make a good plant guide based on what they found out.

Miss Lovegrove would also love to create a 'virtual year 3 garden' this term. The children could grow something at home and then send in a photo of it. As an extra challenge, they could describe what it is/ how they grew it/ write a factfile about it.

## **PE**

PE with Joe Wicks daily.

The Oxfordshire school games website is going live with competitions and challenges for you to try [www.activeoxfordshire.org/school-games](http://www.activeoxfordshire.org/school-games)

## **SEN**

If your child has special educational needs and is working below the level expected in Year 3, please feel free to access activities from lower years in the Home Learning section on the school website.

## **Other Useful Websites**

Activities across the whole curriculum:

<https://classroomsecrets.co.uk/>

<https://www.bbc.co.uk/bitesize/dailylessons>

<https://www.thenational.academy/online-classroom/year-3/>

## **Non-screen based activities**

I have added 2 resources full of non-screen activities to the Year 3 Home Learning page on the school website.

Weekly Project 7 – Celebrations

Non-screen activities – from Pobble

Please continue to send in any photos of what you have been getting up to at home to [distance.learning3@stockham.oxon.sch.uk](mailto:distance.learning3@stockham.oxon.sch.uk) but do remember to let me know if you would prefer them not to go on the website, thank you.

Stay safe and stay well,

Mrs McNaught
