Pirates

A pirate is a person who attacks and robs ships or ports.

Pirates have been around since ancient times but most piracy happened during the 1600s and 1700s. This is called the Golden Age of Piracy.

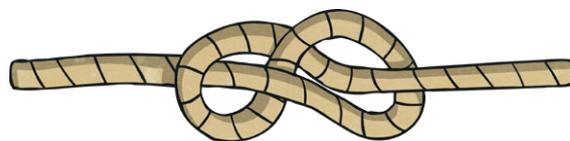

Pirate Ships

Pirate ships were often ships which had been captured during raids. Some pirate captains would start with a small ship and crew and would capture larger ships and persuade more crew members to join them. Although larger ships could hold more people, small ships could sail quicker and travel more easily into narrow or shallow waters.

Pirate Dress

Pirates of this time usually wore short, buttoned jackets, shirts and trousers or breeches (short trousers fastened just below the knee). Headscarves and bandanas were also common. The captain might have worn a tricorne hat.

Pirates Today

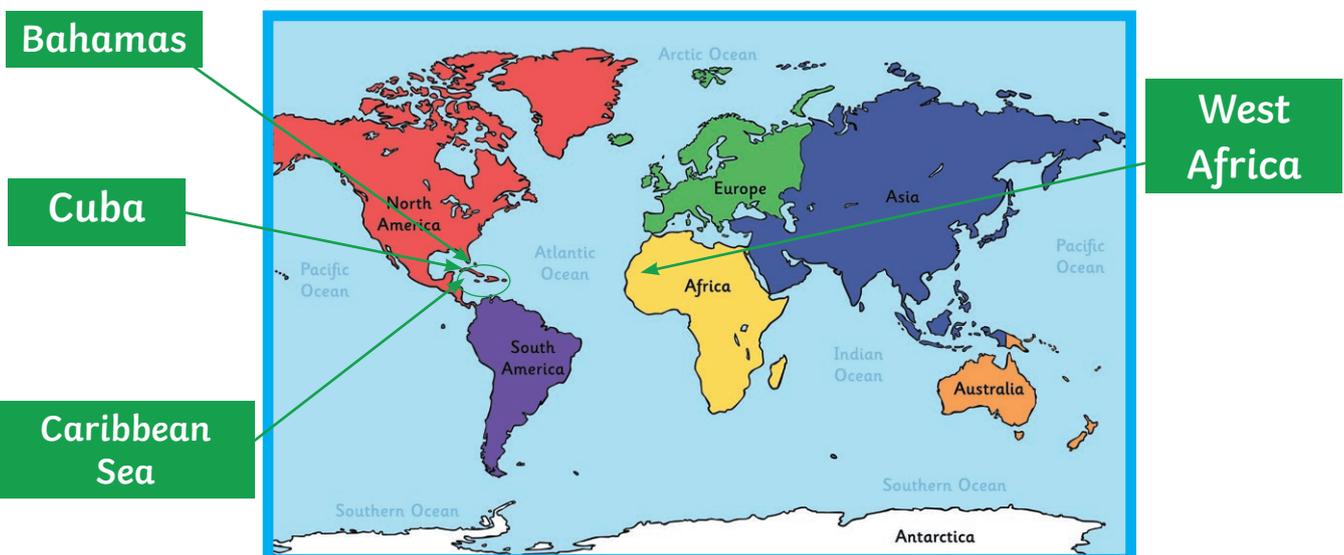

Most people think pirates only existed long ago, but pirates do still exist today in places around the world. They don't dress like Blackbeard but have attacked many ships in the oceans.
