10th July 2020

Dear Year 3 pupils and parents/ carers,

It was lovely to see so many of the children in school earlier this week! It was great to share some news, silly games and stories, and to hear them laughing and giggling once again after being apart for so long.

I would like to say a huge thank you to all of you for your support and patience over the last 4 months as we adapted to new ways of working. You have kept your children safe, well, happy, healthy, amused and educated over the last 4 months. It has been lovely to keep in touch with you all by phone and email and you have all done an amazing job – I am nominating all Year 3 parents for Soaring High!

Below are my final suggested activities for the last week of term.

This week ... Time to reflect.

Think back over your time in Year 3 before school closed. What were your favourite times? The trip to the pantomime? The Christmas show? Swimming? Clubs? Assemblies to parents? The Explorer Dome? Seeing your friends every day?

What achievements are you most proud of? Improving your reading/ handwriting/ maths etc? Learning to swim? Gaining more confidence? Trying a new club? Being a good friend? Not losing any Golden Time?

What are you looking forward to about Year 4.....???

English

Write about your time in Year 3 before lockdown (see above), and hopes for Year 4.

Carry on reading over the summer holidays!

Maths

White Rose Maths has online lessons for each day, covering what we would have been doing in school. There is a video that the children can watch explaining the concepts and then questions they can answer.

<https://whiterosemaths.com/homelearning/year-3/>

Links to this week's work sheets and answers are available on the website **(NB: these are listed as week 12).**

All the remaining activities on Mathletics have now been opened up <https://login.mathletics.com/>

Please continue to use the Times Tables Rockstars site as well. <https://trockstars.com/>

Term 6 Science from Miss Lovegrove - Plants

BBC bitesize website - <https://www.bbc.co.uk/bitesize/topics/zy66fg8> - this website has 6 different guides all about plants. There is an activity and quiz to complete after you watch each one.

Oak National Academy website <https://www.thenational.academy/online-classroom/year-3/foundation&subjects> – 5 online lessons all about plants.

On the website there are also links to resources to carry out an investigation you might want to try at home. There is a powerpoint explaining the experiment and then an investigation planner and results sheet (3 versions of differing complexity, please select the one most suitable to your child) There is also a powerpoint explaining what the results show and a sheet asking children to make a good plant guide based on what they found out.

Miss Lovegrove would also love to create a 'virtual year 3 garden' this term. The children could grow something at home and then send in a photo of it. As an extra challenge, they could describe what it is/ how they grew it/ write a factfile about it.

PE

PE with Joe Wicks.

Cosmic Yoga on Youtube.

Oxfordshire school games website www.activeoxfordshire.org/school-games

SEN

If your child has special educational needs and is working below the level expected in Year 3, please feel free to access activities from lower years in the Home Learning section on the school website.
